Agenda

- What is Artificial Intelligence (AI)?
- How can we use AI in a payroll environment?
- Solutions powered by AI today.

What is Artificial Intelligence? (AI)

Think of AI as teaching computers to *learn from data* and *make smart choices*, much like we do—but often much faster and on a much bigger scale.

How is AI used today?

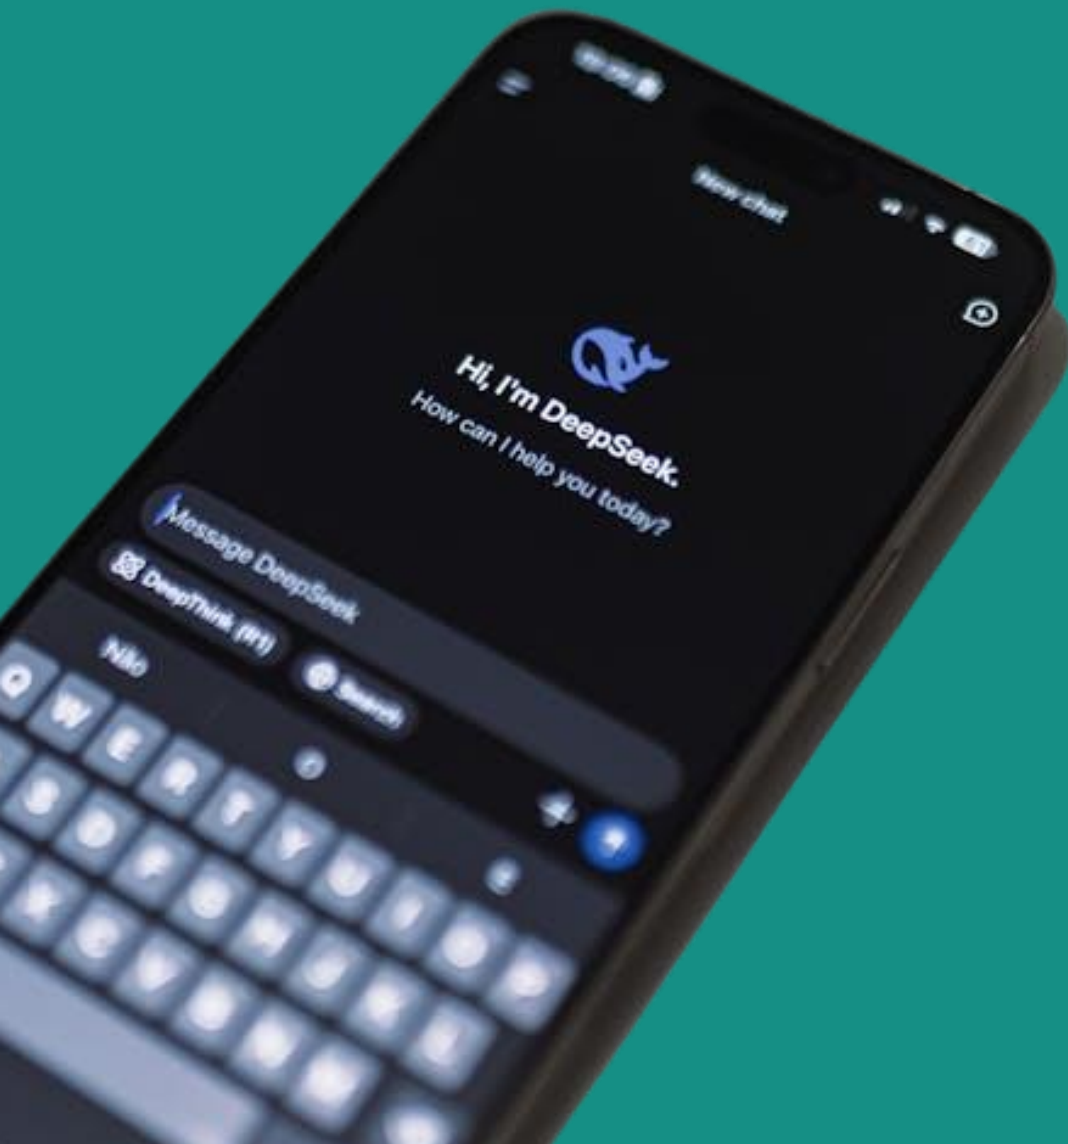

✦ Customer Service-
Chatbots and Virtual
Assistance

✦ Retail- Personalized
Recommendations

✦ Finance- Fraud
Detection

How is AI used today?
